

essential construction & technical

Our dedicated Construction & Technical Team provide staffing services across the UK. The team is experienced with a high level of understanding of what our clients need and expect. Our Construction & Technical Consultants pride themselves on their honest and transparent way of working so you know that we are always compliant and you can trust us to do the job right.

Large recruitment drives or single placement; long or short term cover; permanent or temporary assignment; whatever your requirements we can find the right people to ensure your business keeps going from strength to strength, achieves its potential and maximises profit.

It is the basis of our service to gain an in-depth understanding of your needs and really get to know our client companies, as we believe strong working relationships are the key to great service. If we have a good grasp of your business, how it functions and the pressures you experience, we are then in the most effective position to recommend how our products and services can help.

We never over promise but regularly over deliver.....

We are an independently owned regional business and we all take a personal pride in the high level of service we offer, which culminates in the excellent business relationships we have developed.

We operate a 24 hour call out service.....

We are confident that we can supply at very short notice for short term emergencies, but will always prefer the more planned labour requirement.

We will, wherever possible exceed customer expectations and help you deliver a project on time and under budget, through the provision of a flexible and cost effective recruitment service.

We supply contract, temporary & permanent labour.....

We can supply you with a selection of suitably qualified candidates from our database for interview. All candidates will be vetted beforehand so that their skill profiles are accurately matched.

Our recruitment expertise spans a broad spectrum of jobs in construction for Commercial and Industrial Building, Private & Social Housing and Civil Engineering projects; including specialist construction activities such as refurbishment and fit-out, shop fitting, groundwork's, surfacing and planned maintenance.

Essential supply highly skilled trades, labourers and site staff to high profile projects nationwide.

We have a large workforce of managers, fitters, labourers and associated trades people who work for our clients on projects nationwide every year.

The success we have earned has been based on the partnerships we have built with our clients through the supply of regular teams to both high street roll outs and bespoke projects.

Our service is not restricted by geographical location and our clients use the same teams on their roll out projects nationwide. This adds great value to each project as our people know the client, know the project and work as part of the team.

We can provide all manner of Construction based positions, and are not limited to:-
